The Cortland County Local Food Map was designed to promote locally grown and produced food.

This map was created by Seven Valleys Health Coalition with assistance from local artist, Jim Coon. Additional support was provided by Cornell Cooperative Extension of Cortland County, Experience Cortland, SUNY Cortland, and local food growers, producers, and businesses.

Funding for the Cortland County Local Food Map was provided by Seven Valleys Health Coalition through a United States Department of Agriculture Local Foods Promotional Program grant.

You can view a digital version of the Cortland County Local Food Map at cortlandfoodmap.org and a searchable regional foods database created by Cornell Cooperative Extension of Tompkins County for the Central and Finger Lakes areas of New York at buylocalfoodny.org.
