CORTLAND County LOCAL FOODS MAP

The Cortland County Local Foods Map was created to promote locally grown and produced foods by helping tourists and community members easily identify local foods sources in a fun way.

The destinations highlighted on this map were identified through a county-wide survey process led by Seven Valleys Health Coalition (SVHC).

This map was produced by SVHC with assistance given from Cornell Cooperative Extension of Cortland County, Experience Cortland, SUNY Cortland, the featured local food growers, producers, and businesses and local artist, Jim Coon.

Funding for the Cortland County Local Foods Map was provided by SVHC through a United States Department of Agriculture (USDA) Farmers' Market Promotional Program (FMPP) grant.

You can view a digital version of the Cortland County Local Foods Map at www.sevenvalleyshealth.org and a searchable local foods database created by Tompkins County Cooperative Extension in collaboration with SVHC for Cortland County locations at the www.buylocalfoodny.org website.
